MEENA VUPPU

PRODUCT DESIGNER

+91 9515678423 | vuppumeena@gmail.com | Portfolio

PROFESSIONAL SUMMARY

Product Designer building 0→1 and improving existing fintech products across investments, lending and financial services. I use customer insight, product data and business context to turn complex journeys into simpler experiences, working end-to-end from problem framing and product flows to prototyping, UI and implementation. Engineering and QA experience helps me design with technical constraints in mind.

WORK EXPERIENCE

Muthoot FinCorp ONE

Product Designer / UI-UX Designer *Apr 2025 - Present*

- Led 0→1 product design; **2,500+ merchants onboarded, 1,000+ leads submitted and 600+ converted** within two weeks.
- Redesigned the investment journey using research and funnel data from **80K+ users and a 4.6% transaction baseline**.
- Simplified the Fixed Deposit journey using analytics and customer feedback from **25K+ users**, addressing a **5.6% partner-selection baseline**.
- Designed **CRIF + CIBIL Credit Score** journeys for **500K+ monthly users**, alongside rewards and payment experiences.
- Designed across **Forex, Gold Loans, Vehicle Loans, lending, lead generation, onboarding, payments and permissions**, from discovery through developer handoff.

DevOps Engineer *July 2023 - Mar 2025*

- Automated Slack → AWS S3/SSM parameter updates, reducing turnaround from **2–3 days to <10 minutes**; built Jenkins/AWS ECS deployment workflows scaling from monoliths to **~12 microservices**.

Tata Consultancy Services

Systems Engineer - QA *Jan 2021 - July 2023*

- Supported **5+ Bank of America projects** across functional, regression, UAT and API/SOA testing.

SKILLS

Product Design

Product Strategy · User Flows · Information Architecture · Interaction Design · Prototyping · Visual Design · Design Systems · Usability Testing

Product & Research

Funnel Analysis · User Research · Competitor Analysis · Data-informed Design · Stakeholder Collaboration · Developer Handoff

Tools

Figma · FigJam · Claude AI · Codex · CleverTap · Jira · Adobe Illustrator

EDUCATION

Top Fellow - Product Designer Fellowship *Feb 2025*

Next Leap

Bachelor's degree, Computer Science *2016 - 2020*

Pragati Engineering College, Andhra Pradesh.
